# Casey Nathanson

Founder & CEO of ByteBroadband | Electrical Engineering Student |  
Passionate About Technology & Innovation  
Lady Lake, Florida, United States

## Summary

With ten years of experience in IT and the related services fields, four years in web design, and countless projects amongst all skill sets, I am ready to help you succeed in whatever goals you may have!

My reputation as an Eagle Scout has bled into my personal passion for precise and detailed CNC machining, on-time deadlines, and below-budget projects, all with exemplary results.

I have taken on many projects with aggressively backed, high-valuation, highly innovative companies ranging from AI Facial Detection to IoT applications.
